Projects

Portfolio /Developed with HTML, CSS, ReactJS

March 2022

<https://muneeb.vercel.app/>

This project was done to showcase my skills in frontend development, animation, and design.

TaskNet /Developed with HTML, CSS, ReactJS

November 2021

<https://tasknet.vercel.app/>

Initially started as a school project, I decided to work on my state management and component building skills while completing the frontend side of the project.
